TO: All Interested Parties

REQUEST FOR COMMENTS ON THE MODEL WATER QUALITY MANAGEMENT PLAN FOR SAN BERNARDINO COUNTY AND THE INCORPORATED CITIES OF SAN BERNARDINO COUNTY

A copy of the Water Quality Management Plan (WQMP), dated December 2003, submitted by the San Bernardino County permittees pursuant to Order No. R8-2002-0012, NPDES No. CAS 618036, is now available for review at our website. The WQMP outlines the permittees' plan to manage urban runoff from new development and significant redevelopment projects. We request that comments on this draft be submitted to us with a copy to the County by **February 13, 2004**. We plan to schedule follow-up meetings to clarify or discuss comments received. Please send the County's copy to the attention of Matt Yeager, San Bernardino County Flood Control District at 825 East Third Street, San Bernardino, CA 92415-0835.

A public workshop to discuss this draft will be held on March 12, 2004 during the regular board meeting. Comments on this draft will be received until that date. However, we urge all interested parties to participate in the early review process to allow for a meaningful discussion of this plan. An overall schedule for the WQMP review process will be posted on our website at a later date.

To view or download a copy of the WQMP, please access our website at <http://www.swrcb.ca.gov/rwqcb8/html/sb-permittee.html>
